

Children Exposed to Domestic Violence:

Reducing Harm and Preventing Tragedies

FANSHAWE COLLEGE

London Coordinating Committee
to End Woman Abuse

Western
Education

Centre for Research & Education
on Violence Against Women & Children

Session 1 and 2

Is there consensus on the most significant risk and protective factors for children exposed to domestic violence? What are these factors?

What are the advantages and disadvantages of using standardized risk assessment tools?

What are the challenges of using these tools and should there be a standard toll across systems?

Session 3

What can community agencies do to better engage fathers in domestic violence and parenting intervention programs?

What would it take for your community to implement some of the promising practices discussed today?

Children Exposed to
Domestic Violence:

Reducing Harm and Preventing Tragedies

Session 4

How can community agencies collaborate more effectively with the criminal justice and family law systems?
